

Dear Staff, Students, and Alumni,

It gives me great pleasure to formally announce that approval has been obtained from the Ministry of Higher Education (KPT) for the transition of Penang International Dental College (PIDC) to our new institutional name:

**MAHSA International College (Penang)**

This marks a significant milestone in our journey as we align more closely with the ONE MAHSA vision, strengthening our position within a broader academic ecosystem while continuing our commitment to excellence in education, clinical training, and research.

Over the past 20 years, PIDC has built a strong reputation for producing competent and globally recognised dental professionals. As we move forward under the MAHSA International College banner, we do so with pride in our legacy and confidence in our future.

I would like to assure all stakeholders that:

- All existing programmes, including the Doctor of Dental Surgery (DDS) & Foundation in Science (FIS), remain fully accredited and recognised by the relevant authorities.
- There is no impact on the academic progression, certification, or clinical training of our current students.
- Our commitment to quality education, patient care, and student success remains unchanged.

The transition will be implemented in phases. During this period, you may see the name presented as:

**MAHSA International College (formerly Penang International Dental College)**

We take this opportunity to thank our staff, students, alumni, and partners for being an integral part of PIDC's success story. Your continued support will be invaluable as we embark on this new chapter.

Together, we will continue to reflect on our achievements, connect with new opportunities, and progress towards an even stronger future.

Thank you.
